CPGDD accepts referrals containing all required paperwork on a first come first served basis. Once the required information has been received, our intake worker will contact your client to schedule a phone interview. We have a 6 bed facility which, depending on the type of referrals can result in an all-male cycle, an all-female cycle, or a co-ed cycle. After successful completion of the program, a certificate of completion will be issued to the client and a discharge summary will be sent to the referring counsellor.

Digital dependency services are still being offered. Please contact for further information.

Note: We do not provide transportation for clients. All return travel arrangements need to be set in place before the client attends the program. The clients must leave by 4 p.m. on the last Friday of the program.
