Criteria for CPGDD 1-Week Residential Refresher Gambling/DD Program

This program is designed to be a “tune-up” so to speak or “refresher” for clients who have already successfully completed our 3-week residential program previously. Below are criteria that clients need to meet in order to be considered appropriate for this program. Please check those that apply to ensure requirements are met.

- ☐ Client must have completed the 3-week residential program no less than 3 months prior to referral.
- ☐ Client must not have had any major relapses since they graduated program and must have been gamble free 3 months prior to referral.
- ☐ Client must exhibit readiness to change (action stage or higher)
- ☐ Client must be internally motivated to attend (no outside pressures).
- ☐ Client must have coping strategies that they are utilizing.
- ☐ Client continues to struggle in a few areas where a “tune-up” would be helpful.
- ☐ Client has had to have been applying their aftercare/discharge goals or making an honest effort.
- ☐ Client needs to be referred to the refresher program by a designated PG counsellor however, it is not necessary that they be enrolled in counselling ongoing.
- ☐ Client understands that by attending the “Refresher” week, that the focus will be on self-care and brushing up on major skills taught prior.

If the client meets all criteria listed above, you are welcome to proceed with completing a referral package for entrance into the refresher. Please indicate on the referral package initial information sheet in “which cycle does the client prefer” to indicate REFRESHER.

If the client does not meet criteria for the 1-week refresher, they are welcome to join us for the 3-week full residential treatment program and can proceed with completing a referral package as per usual.

Please note that CPGDD alumni of the 3-week program can access the REFRESHER once in two years and twice in a lifetime.

If you as a referent have any additional questions, please feel free to contact the intake worker or secretary at CPGDD for further information.

Centre for Problem Gambling and Digital Dependency – Refresher Program

PROGRAM INFORMATION GUIDELINES

1. Over the counter (OTC)/prescription medications and vitamins are permitted at CPGDD pending these items arrive with you in their original containers with dosage and dispensing instructions. Clients are solely responsible for keeping medication locked in their own room and taking them as prescribed (self-administered). Medications/vitamins are for personal use only (not to be shared). Homemade dosette or pill organizers will not be permitted. If changes are made to your medications (new medications added, subtracted or adjusted) you are to ensure that staff is made aware of these changes at the time of your registration and/or throughout your time in the program. Please ensure that you bring a 6-day supply of your medications.
2. Caffeine pills/drinks (energy drinks) are **not permitted**.
3. Stimulants or opiates that are non-prescribed are **not permitted.**
4. Clients must ensure that all medical and dental needs have been taken care of before attending treatment (if treatment is required).
5. Cell phones are not permitted to be used during the program. Cell phones will be turned into the Addictions Support Worker upon intake and returned to the client at discharge. Clients are permitted to use the landline phone on the CPGDD unit for all outgoing phone calls. It is <u>not</u> required that you purchase any calling cards to make long distance calls (within Canada). Clients are permitted 30 minutes of phone time per day; this time is to be used all at once and cannot be split up. The time of your calls can fluctuate daily, however it cannot interfere with the program. **Clients are not to use pay phones in lobby or elsewhere.**
6. Food, laundry facilities and linens are provided. Please ensure that staff is aware of all diet restrictions before attending the program. Bring your own toiletries. Feel free to bring anything else that will make you feel more comfortable during your 6-day stay with us (e.g., pop, snacks, frozen meals, etc.) however, please be mindful not to bring an excessive amount.
7. Electric hair dryers, hair straighteners or curling irons are not permitted to be brought into the program (we have them here for you to use). Electric shavers are permitted. Also, smart watches and Fitbits are not permitted. Personal pleasure devices are not permitted.
8. You will be sleeping in a private bedroom with an attached bathroom. A cabinet with a lock is also provided for your personal belongings. Shower shoes/flip flops are recommended for shower use.
9. You will be encouraged to partake in some fitness while on program. Please let us know if you have any physical limitations. Please bring suitable workout clothing and running shoes.
10. No gambling, gaming and internet paraphernalia is allowed, including and not limited to cards, lottery, scratch, or Proline tickets. Luggage, bags, purses, etc. will be inspected by staff upon arrival.
11. Television, magazines, newspapers, radio, videogames, internet access, MP3 players and all electronic devices are all prohibited during your stay here. You are welcome to bring books/novels with you.
12. Clients will be in program for approximately 85% of their time here, often from 8:00 a.m. to 8:00 p.m.
13. No illicit drug or alcohol use is permitted while in program. It is recommended that you abstain

from all recreational substance use (not including tobacco) 2 weeks prior to coming for treatment. Any illicit substances that are brought to CPGDD will be disposed of and there is a potential for one to be asked to leave program as well.

14. Weapons are not permitted to be brought to CPGDD.
15. Dress is to be appropriate, clean, and free of any sports teams or gambling/gaming/internet logos/advertisements. Clothing that works well for the beach, yard work, dance clubs, and sports contests may not be appropriate for our bed-based program. Clothing that reveals too much cleavage, your back, your chest, your feet, your stomach or your undergarments is not appropriate. In the event that your attire is deemed inappropriate, you will be asked to change your clothes. **All clothing will be placed in a dryer on high heat upon arrival** (this is to prevent bed bugs). Please do not bring any clothing that you would not like to be placed in a dryer (jackets included).
16. Casual shoes and sandals are appropriate for the daily program. Footwear is required at all times during program except in your individual room. No bedroom slippers are to be worn outside of your room during the program sessions.
17. It is strongly advised that you do not bring large amounts of cash, jewelry, or other valuable items. If you choose to bring some spending money, we advise that you limit it to $100 or less. A cabinet with a lock is provided in each bedroom for you to lock up any personal items. No borrowing or lending money. There is an ATM on campus if needed.
18. Break times and permission to leave CPGDD will be discussed once on program.
19. In the event that you drive your vehicle to CPGDD, please be aware that you will not be permitted to use your vehicle throughout the duration of your time on program.
20. As per a scent-free policy within Hotel-Dieu Grace Healthcare, the use of perfumes, colognes, body sprays, etc. are prohibited.
21. Bring your valid Ontario Health Insurance Plan (OHIP) Card.
22. If you get lost or require any assistance upon your arrival, **please call 519-257-5111 Extension 76990** to reach staff in the bed-based Treatment Program. Clients will be discharged from the program at 12:00pm on the Friday of the 6-day program.
23. Smoking on the premises is prohibited, however, there is a designated smoking area off property which is not far to travel to.
24. Clients are encouraged to arrive between 10:00 am and 4:00 pm. Those who arrive later than 4:30 pm will **not** be admitted to program (please call staff at the above noted number and extension should you get stuck during your travels due to inclement weather/unforeseen delays).
25. **** Note: If you have been ill (coughing, fever symptoms, etc.) in the last 48 hours prior to your cycle starting, please contact us for further information. If you become unwell during program, you will be asked to wear a mask and your time while on program will be re-evaluated and assessed further. ****

What we are doing to keep clients safe...

- Medical grade masks are available to clients on a daily basis if they wish to use them or pending they become ill.
- Hand sanitizer is available in all rooms and hallways
- A handwashing station is available on the unit for anyone to use

Updated July 3, 2024

- Sinks are in each client’s bedroom/bathroom area for personal use
- Bedrooms are private and thus easy to self-isolate if preferred/needed
- We request that each client will also be monitoring themselves for any changes in their health and expect that you will make staff aware
- Extra cleaning of commonly touched surfaces will be performed on a frequent basis

Please check both boxes below to indicate understanding.

☐ **I agree that I have read the above guidelines and commit to following them while at CPGDD.**

☐ **I am aware that should I choose to leave CPGDD or I am asked to leave CPGDD that I am responsible for making arrangements to return home. HDGH will not be held liable for any costs incurred as a result of a client choosing to leave or being asked to leave program.**
